Dear Parishioners:

In order for the Finance Council to effectively advise our Pastor, Father Matthew Sanka, as to the financial stability, resources, and future financial obligations for each of the four parishes, it is necessary that a long range plan be developed.

This plan will help guide the Finance Council and the Pastoral Community Council in allocating assets toward projects of immediate, as well as, longer term in nature, that you the parishioner feel is most important.

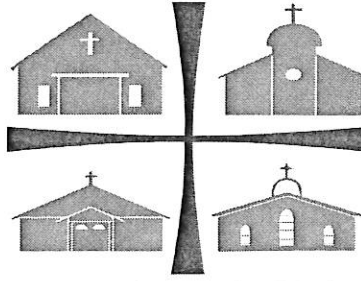

We value your opinions and your responses will be kept confidential. Thank you for your time and prayers.

God Bless,
The Finance Council

1. In your local parish, what do you see as the five most important physical needs both immediate and longer term?
2. Strategic planning is about determining priorities. Over the next 1 – 3 years what would you want the priorities to be, for you local parish and/or for any of the area parishes?
3. Are there any conflicts, challenges, or problems that would impede the progress toward achieving your objectives?
4. Are there any operational issues that you would want the Long Range Planning Committee to be aware of that exist within your local parish, or in the broader four parish area?

5. What will your local parish be like in 10 years? How do you see our four parish community changing over the next 20 years?

6. What five projects would you like to see developed or expanded in your local parish or for the four parish area as a whole relative to new or expanded facilities or new or expanded ministries?

Please return your survey in a sealed envelope to the church office.
Thank you.
